CURFEW WHISTLE WILL SOON BE HEARD AGAIN

Curfew will be sounded from the Rio Grande Western Rallway company's shops instead of The Tribune building hereafter. On account of the proximity to the heart of the city, The Tribune's immense whistle disturbed theatergoers, church worshipers and hotel lodgers, and the practice of sounding curfew from The Tribune building was discontinued a month ago. The city ordinances require the sounding of curfew each evening at 3 o'clock, and General Superintendent Ernest Stenger of the Rio Grande came to the aid of Chief of Police Tom Pitt in his quandary as to curfew and offered the service of the railway company's big shop whistle. Chief Pitt accepted the offer.

The Rio Grande whistle may be heard from any part of the city. It will be blown at 3 o'clock each evening by an engineer in the shops, and its blowing will be a signal and a warning to all boys and girls under the age contemplated by the curfew ordinance to remain off the streets of Salt Lake.

Mr. Raleigh admitted that the money was not due to Garrison, and explained that it was made out through an error, two foremen having certified

Mr. Black said that inasmuch as court rules were being followed, he would ask that a bench warrant be issued for Mr. Jeremy. President Ferry only smiled at the request, but a warrant in favor of Jeremy for \$9 was introduced.

City Auditor Alff was then called, and testified that a number of small warrants, including those in favor of Garrison and Jeremy, had been in his office for some time. The Garrison and Jeremy warrants, however, had recent-ly been cancelled upon the authority of Mr. Raleigh, who had told him of
